CURES

ALL

DISEASES!

Consumption Cured.
"I believe it to be one of the best medicines sold. The physicians, two years ago, said my wife had consumption, both lungs affected. I have had to send her South for several springs to keep her alive, but since she has been taking Radam's Microbe Killer she has been right at home taking Microbe Killer and is in better health than she has been for 20 years."
—R. T. POOLE, Cedarhurst, Ga.

Several Diseases Cured.
"I cheerfully testify to the curative powers of your medicine. Having been a sufferer from weak lungs, bronchial affection and indigestion, after taking Microbe Killer all of the above symptoms have entirely disappeared."
—THOS. L. DAVIS, Junior Howard Memorial Library, New Orleans, La.

Asthma and Catarrh Cured.
"I have been a sufferer from asthma and catarrh for more than two years past, getting most of my sleep sitting up in bed or reclining in a chair. I have used one jug of Radam's Microbe Killer, and for the last three weeks have been sleeping naturally, soundly and sweetly as a child. I attribute my relief to the remedy, and heartily recommend it to any one suffering from asthmatic or catarrhal trouble. Respectfully,
—CASHIER IN BANK OF ATLANTA, Ga.

Fever and Flux Cured.
"I cheerfully testify that after taking Microbe Killer for fifteen days I am entirely cured, after being sick two years with malaria fever, and during which time I contracted other diseases, such as, I was attacked during this time by three of the best doctors of the city without benefit."
—WM. DEBERRY, 10 Celeste St., New Orleans, La.

THE MARSTON CO. 109 N. 4th St. NEW YORK.

THE WEEKLY INTELLIGENCER is a bright, sparkling, instructive family paper. It is original in every department, clean in every line and suited to be of interest and improve every member of the family, whether in city or country.

The dull season has begun for the theatres. Last week there was little offered on the Wheeling stage, but this week is a pretty fair one. To-morrow night at the Opera House "Ole Olson" will be the play, and on Friday evening the Redpath Star Concert Company will hold the boards. Saturday Bill Nye's famous comedy or farce or whatever it is, "The Cadi," will receive its first presentation there. At the Grand George W. Lederer's "U & I" farce comedy company will be seen to-morrow evening, and "Little Lord McLeary" will follow.

"OLE OLSON."
The famous original of the Swedish dialect plays, "Ole Olson," will be given at the Opera House to-morrow evening. This is its first presentation here. It has met with good success all over the country, and outside of the quaint dialect and the interest that centres in the title role, it is said to be full of very enjoyable fun. The Swedish Ladies' Quartette which accompanies it is a very popular feature. It is safe to say that the piece will draw a good house on the occasion of its one performance here. Reserved seats are now on sale at C. A. House's music store.

A WONDERFUL WHISTLER.
Of Miss Chamberlin, the whistler who is a member of the Redpath Star Concert Company, the New York Home Journal says: "Miss Chamberlin, of Boston, the well-known whistling soloist, gave 'Bodero,' by Verdi, airs from 'Black Hussar,' and other operas, and to repeated encores, the wonderful variations on 'The Mocking Bird,' 'Home, Sweet Home,' and 'Blue Bells from Scotland.' Miss Chamberlin has a flexibility of voice and phrasing, wonderful in a whistler, ranging from deep contralto to the high soprano tones, pure, sweet and liquid in quality."

"U AND I."
George W. Lederer's comic plays headed by the famous comedians, Tim Cronin and Harry Standish, in the great laughing festival, U and I, will form the attraction at the Grand Tuesday and Wednesday, March 8 and 9, with a matinee Wednesday afternoon. U and I has scored a phenomenal success throughout the country the past season. The subject of the farce is an apartment house in New York city, filled with families of different nationalities and dispositions. It abounds in wit and humor, and funny situations follow each other with such rapidity that there can be no cessation of enjoyment.

THE LAUGHING NIGHT.
Mr. Harry C. Gibson and his jolly associates will be the attraction at the Grand the last three nights of this week. The following is from the Syracuse Herald: "The house was packed to the doors and the repeated and enthusiastic rounds of applause which greeted the players, attested the appreciation of the vast assemblage. Mr. Harry C. Gibson as Lord MacLeary is immense. He is a whole entertainment in himself, yet contrary to the manner of the ordinary star, he has given every member of the company an opportunity to exhibit his or her ability, and in every case it is marked."

JULIA MARLOWE ILL AGAIN.
Julia Marlowe, the actress, lies at the Vanderbilt House in Utica, N.Y., suffering from a complication of ailments, the exact nature of which her attending physician does not state. He tells the reporters that she is afflicted with a severe attack of the grip, but it is known that her incapacity to fulfill her professional engagements is due to causes deeper seated.

Miss Marlowe came there Thursday last to give four performances, but was stricken down before she could appear at all. Her engagement there was canceled. Yesterday it was said Miss Marlowe was free from fever symptoms, but still very sick. It had been hoped that she could proceed to Pittsburgh today to play all the week, but to this proposition the attending physician would not consent. Miss Marlowe is, however, anxious to proceed and may leave despite the dangers of which she is warned.

STAGE SNOWFLAKES.
Chat about Famous Plays and Playors. Some Local Favorites.

Bill Nye will read in Bellaire April 6. "Little Tuesday" is to be starred next season by Joseph Arthur.

Minna Gale will add Lady Teazle to her repertoire next season.

Hoyt's latest effort, "A Temperance Town," is in rehearsal at New York.

Emily Rigi will star next season, probably under the management of Jay Rial.

Kathryn Kydder is to be leading lady in the Ward-James company next season.

Minnie Palmer is now managed by Douglas Cox, called in London "the handsome."

"Ten Thousand a Year," Richard Mansfield's new piece, is not an optimistic success.

Annie Pixley will next season head the Annie Pixley Opera Company and produce Archibald Gunter's operetta, "Polly Middle."

"For Money," William H. Crane's new piece, has passed its fiftieth performance at the Star Theatre, New York. It is still a reigning success.

"Blackberry Farm," the new play by Clay M. Greene and Gus Thomas, will be produced by Kate Claxton at the Madison Square Theatre in April for a run.

John Hoffman, the prodigy pianist, is about to begin in a two years' course of study at Berlin under Herr Moszkowski. He will not play in public before 1894.

Judge Beach, of the New York Supreme Court, has decided that Rose Coghlan's "Dorothy's Dilemma" does not interfere with Helen Barry's "A Night's Frolic."

Viola Allen, now leading lady of Joseph Jefferson's company, has been engaged next season by Charles Frohman, and will probably create the principal female role in Bronson Howard's new play.

On the occasion of his appearance here this month as a star Frank Hennig will probably tender the Wheeling Press club a benefit.

Frederick Ward is having very great success on the Pacific coast, where he is playing to large audiences. His tour next season with Louis James promises to attract a great deal of attention.

The Register makes very funny breaks in its amusement columns. For instance it announced yesterday that "The Limited Mail" would be here this evening and "Evangelino" next Wednesday evening.

Joseph Jefferson's next season will not begin until November, when he will again be seen in "Rip Van Winkle," which is to be given a spectacular production. The popular comedian will make a tour of ten weeks only.

FINANCE AND TRADE.

The Features of the Money and Stock Markets.

New York, March 6.—Money on call easy with no loans, closed offered at 2 per cent. Prime mercantile paper 4 1/2 per cent. Sterling exchange quiet but steady at 85 1/2 for 60 day bills and 85 1/4 for demand. Total sales of stocks 260,000 shares.

The stock market again gave evidence that the moving power behind the fluctuations was only manipulation, and while the strength of the whole list was very decided in the first hour a complete and complete change came over it at 11 o'clock, and the most positive weakness marked the trading on the exchange for the last hour on the session in temper, one being the old rumor revived of the death of the receiver of the Georgia Central Railway. The former, however, was quickly denied, while the latter was known before the opening of the market and would have no weight during the first hour. There was beside a bank statement which showed a large decrease in cash despite a moderate increase in deposits, and a heavy season caused a reduction in the surplus reserve of over \$5,000,000. This undoubtedly had some influence, but the downward movement was in full swing long before the issue of the statement. The market opened with a firm temper and the whole list with the exception of the Richmond and West Point securities and New England, scored further improvement in the last hour, there being up to that time no interruption to the advance. The Vanderbilt bonds were still the strong features and Lake Shore rose rapidly from 130 1/2 to 140 1/2, but stock operators were not to be deceived with a rise from 11 1/2 to 19 on such smaller business. All the other stocks of this group felt the stimulus and Northwestern and New York Central made material gains selling up to the highest points for the day.

Up to this time the concessions in everything but the Richmond and West Point were insignificant, but stock operators were not to be deceived with a rise from 11 1/2 to 19 on such smaller business. All the other stocks of this group felt the stimulus and Northwestern and New York Central made material gains selling up to the highest points for the day.
